

Weekly list of planning applications for week ending 28 July 2017

Please note

1. This is a list of applications registered in our computer system in the period given above. It is not a list of all applications received in the office up to the above date. There are always a number of applications in hand waiting to be checked for completeness, and others, which cannot be registered until additional information is obtained from an applicant.
2. The 'documents' hyperlink is provided to enable you to access the application documents via our website. Although these are normally available as soon as the Weekly List is published, there may be occasions where there is a slight delay before individual case documents are published on line. If the documents link does not work, please try again in a day or so.
3. The statutory period for dealing with applications is normally 8 weeks unless an applicant agrees to an extended timescale.
4. In the case of notifications relating to works to trees in Conservation Areas, we have to respond within 6 weeks, and usually reply much sooner.
5. There are some classes of application where public notification is not normally carried out and these include:
Advertisements
Certificates of Lawfulness of proposed use or development (CLOPUD)
Certificates of Lawfulness of existing use or development (CLEUD)
Prior consent by Telecommunication Code System Operators
Demolition of non listed building outside a Conservation Area
Minor details complying with a condition of planning permission
Notifications relating to works to trees in Conservation Areas
6. We currently determine approximately 90% of applications in less than the statutory 8 weeks, and some 35% within 6 weeks. Some 10% are determined within 4 weeks, although these would normally be cases where no public notification is required.
7. All comments received before an application is determined are taken into account.
Any comments on any application type listed in paragraph 4 above should be made by return, as they are not normally subject to public notification, and will normally be dealt with as quickly as resources permit.

If you have any comments to make on any other item on this list it would be advisable to do so within 21 days of its receipt.

Application No : **17/01448/PWC** Type: Works to trees in Conservation Areas
(Planning Portal Ref: PP-06109744v2)
Date received : 26/07/2017 Highways: **Ward: Mapperley**
