

## **Weekly list of planning applications for week ending 15 March 2019**

Please note

1. This is a list of applications registered in our computer system in the period given above. It is not a list of all applications received in the office up to the above date. There are always a number of applications in hand waiting to be checked for completeness, and others, which cannot be registered until additional information is obtained from an applicant.
2. The 'documents' hyperlink is provided to enable you to access the application documents via our website. Although these are normally available as soon as the Weekly List is published, there may be occasions where there is a slight delay before individual case documents are published on line. If the documents link does not work, please try again in a day or so.
3. The statutory period for dealing with applications is normally 8 weeks unless an applicant agrees to an extended timescale.
4. In the case of notifications relating to works to trees in Conservation Areas, we have to respond within 6 weeks, and usually reply much sooner.
5. There are some classes of application where public notification is not normally carried out and these include:  
Advertisements  
Certificates of Lawfulness of proposed use or development (CLOPUD)  
Certificates of Lawfulness of existing use or development (CLEUD)  
Prior consent by Telecommunication Code System Operators  
Demolition of non listed building outside a Conservation Area  
Minor details complying with a condition of planning permission  
Notifications relating to works to trees in Conservation Areas
6. We currently determine approximately 90% of applications in less than the statutory 8 weeks, and some 35% within 6 weeks. Some 10% are determined within 4 weeks, although these would normally be cases where no public notification is required.
7. All comments received before an application is determined are taken into account.  
Any comments on any application type listed in paragraph 4 above should be made by return, as they are not normally subject to public notification, and will normally be dealt with as quickly as resources permit.

**If you have any comments to make on any other item on this list it would be advisable to do so within 21 days of its receipt.**

Application No : **19/00105/NADV1** Type: NC advert  
(Planning Portal Ref: **PP-07536453**)  
Date received : 14/02/2019 Highways: **Ward: Radford And Park**  
Application by : Nottingham City Council FAO Mr Keith Morgan Transport Strategy 4the Floor, Loxley House  
Station Street Nottingham  
Agent : None  
Location : **Footway Of Castle Boulevard Nottingham** (Grid Ref: E 456370 N 339190)  
Proposal : Relocation of a sign.  
Case Officer: Mrs Nicola Tyrrell (Wed, Thurs And Fri) Telephone : 0115 8764082  
e-mail address : nicola.tyrrell@nottinghamcity.gov.uk

Application No : **19/00514/PTPO** Type: Works to trees protected by TPO  
(Planning Portal Ref: **PP-07689196**)  
Date received : 08/03/2019 Highways: **Ward: Sherwood**  
Application by : Nottinghamshire Wildlife Trust FAO: Mr Michael Walker The Old Ragged School Brook Street Nottingham NG11EA  
Agent : None  
Location : **Street Record Trevoise Gardens Nottingham NG5 2GE** (Grid Ref: E 457604 N 343422)  
Proposal : The attached felling licence application includes all the relevant information

The woodland area at Woodthorpe Meadow is small and has had little management beyond tree management for health and safety reasons. The management of the reserve has now been taken on by the 'Keeping it Wild' youth group from Nottinghamshire Wildlife Trust with the aim to create a more welcoming site for the public and more ecologically diverse for a greater range of species.

The whole woodland is currently dominated by holly of various sizes which in now shading out much of the woodland floor which once had a range of wildflower species including bluebell and primrose. They still exist in lower numbers so once the felling has been completed wildflowers will have more space to spread. We will also replant appropriate woodland species such as wood anemone. Many of the trees are self-sets and the majority of the trees at the time of the original TPO will remain. Some of the work outlined in this application is outside of the TPO area.

The map included with this application shows the main management areas and adds some detail on the proposed objectives.

Work is proposed to be completed between October 2019 and February 2020 which will avoid the bird breeding season. Bats are likely to use the site for foraging but the majority of the trees are either too small or do not have the features required for roosting. As a safeguard all tree will be inspected by an appropriately licenced ecologist and assessed for bat roosting potential.

Case Officer: Mr Nigel Turpin Telephone : 0115 8764081  
e-mail address : nigel.turpin@nottinghamcity.gov.uk

Application No : **19/00528/5DAY** Type: 5 Day Notice  
Date received : 11/03/2019 Highways: **Ward: Radford And Park**  
Application by : Mr Steve Meikle 7 Wessex Drive Giltbrook Nottingham NG16 2XH  
Agent : None  
Location : **2 Clare Valley Nottingham NG7 1BU** (Grid Ref: E 456537 N 339667)  
Proposal : Notice to pollard the Sycamore tree to standing dead wood. The tree is Situated to the rear of the back garden and isnt easily visible from the public view. The tree is suffering from heavy limb loss due to a disease Pythophthora which causes these symptoms. The tree began dropping large limbs Last August and has continued to drop limbs since with out any notice or damager from storms. The owners of the tree have conveyed to me that the trees now present lean was not present last year but this cannot be verified. I intend to pollard the tree to standing dead wood at the crown break at 5M to allow natural habitat for Bats , and or other insects prior to the trees eventual demise. I have attached 2 photos of the tree to confirm the presence of the Phytophthora. I intend to pollard the tree on Friday 15th March Unless otherwise instructed.
