

Weekly list of planning applications for week ending 8 March 2019

Please note

1. This is a list of applications registered in our computer system in the period given above. It is not a list of all applications received in the office up to the above date. There are always a number of applications in hand waiting to be checked for completeness, and others, which cannot be registered until additional information is obtained from an applicant.
2. The 'documents' hyperlink is provided to enable you to access the application documents via our website. Although these are normally available as soon as the Weekly List is published, there may be occasions where there is a slight delay before individual case documents are published on line. If the documents link does not work, please try again in a day or so.
3. The statutory period for dealing with applications is normally 8 weeks unless an applicant agrees to an extended timescale.
4. In the case of notifications relating to works to trees in Conservation Areas, we have to respond within 6 weeks, and usually reply much sooner.
5. There are some classes of application where public notification is not normally carried out and these include:
Advertisements
Certificates of Lawfulness of proposed use or development (CLOPUD)
Certificates of Lawfulness of existing use or development (CLEUD)
Prior consent by Telecommunication Code System Operators
Demolition of non listed building outside a Conservation Area
Minor details complying with a condition of planning permission
Notifications relating to works to trees in Conservation Areas
6. We currently determine approximately 90% of applications in less than the statutory 8 weeks, and some 35% within 6 weeks. Some 10% are determined within 4 weeks, although these would normally be cases where no public notification is required.
7. All comments received before an application is determined are taken into account.
Any comments on any application type listed in paragraph 4 above should be made by return, as they are not normally subject to public notification, and will normally be dealt with as quickly as resources permit.

If you have any comments to make on any other item on this list it would be advisable to do so within 21 days of its receipt.

Application No : **18/02335/PDS4** Type: Discharge of conditions
(Planning Portal Ref: **PP-07377493**)
Date received : 04/03/2019 Highways: **Ward: Bridge**
Application by : Caspian Wolf Ltd FAO Mr Ehsan Shammazadeh 71-75 Shelton Street Covent Garden London WC2H 9JQ
Agent : IDL Architecture FAO Mr Stephen Ormesher Suite 2, 41 South King Street Manchester M2 6DE
Location : **34 Market Street Nottingham NG1 6HW** (Grid Ref: E 457135 N 340048)
Proposal : Discharge of condition 3 (Odour control statement) of planning permission reference 17/01886/PFUL3
Case Officer: Ms Kathryn White Telephone : 0115 8762529
e-mail address : kathryn.white@nottinghamcity.gov.uk

<http://publicaccess.nottinghamcity.gov.uk/online-applications/applicationDetails.do?activeTab=summary&keyVal=PHVP9ULYLPF00>

Application No : **18/02408/PFUL3** Type: Full planning application
Date received : 06/03/2019 Highways: **Ward: Bridge**
Application by : N Tedstone 57 Victoria Embankment Nottingham NG2 2JY
Agent : Ashton King
Location : **57 Victoria Embankment Nottingham NG2 2JY** (Grid Ref: E 457889 N 337936)
Proposal : Two storey rear extension, alterations to the roof, rear dormer and roof terrace to rear.

Application No : **19/00486/PTPO** Type: Works to trees protected by TPO
(Planning Portal Ref: PP-07677050)
Date received : 05/03/2019 Highways: **Ward: Wollaton West**
Application by : Mr Robert Marshall 17, Cedar Grove Nottingham NG8 2AS
Agent : Orchard Tree Care FAO: Mr Nathan Packwood 174 Broad Lane Brinsley Nottingham NG16 5BE
Location : **17 Cedar Grove Nottingham NG8 2AS** (Grid Ref: E 452555 N 339734)
Proposal : T1 - Beech - Due to the close proximity of the neighbouring buildings and the overall size of the specimen and the given available size the following works are to facilitate having the tree remain in place for as long as possible whilst helping reduce interference with the buildings themselves, falling debris and light issues.

Crown reduce by approx 10% (2-3m), crown thin 10-15%, proximity prune 2-3m, remove three laterals extending from the main stem out towards the fronts of both of the adjacent properties, these cuts will be approx 20-30cm in diameter, removing to possible retrenchment points 1m from stem is a viable option but given the current age and lifespan of the tree in its current position this may be a fruitless task and may be better in the lifespan of the tree to remove the limbs to the unions, (laterals are marked on the sketch plan in red lines)

I have photos for further clarification if needed with the branches highlighted.

Agent : None
Location : **12 Old Hall Drive Nottingham NG3 5EZ** (Grid Ref: E 457596 N 342305)
Proposal : Horse Chestnut (T1)
Excessive shading has resulted in heavy moss covering of my property roof adjacent with concerns about inability to maintain leading to severe damage.
Tree has an identified 40cm diameter central rot area - our concern is that if it falls, either my property will be damaged, or others cars on the road will be damaged.
It is the combination of the internal rot to the tree and the damage that is occurring to my property that has prompted my application at this time.
Tree is old now with external signs of faults.

Horse Chestnut (T2)
Old tree but no obvious signs of deterioration, except for signs of decay in the basal area.
Wish to reduce the crown to the previous points, remove deadwood and inspect annually from there on.
